Yeah, you are absolutely right. That why, I'm just asking for a.crk file. Thank you, but still I cannot crack this game. If you are able to help me on this, I'm really appreciated, but if not that's fine. I would also like to add something. I have been trying the thing which I posted by sharing the crack and i did unlock the game, but while trying to start the game, it was asking for a file only which is " Rogue WA Online LOLLITE_LATC_EN.ini" but it was not able to find that and showing "The game is corrupted. Please check game files and install them." Can anybody help me? PS: 1. CRACK is not found on the website of the game. I was using Rastogi crack. 2. I did not write the crack, but I'm seeking for the cracks of the game. I would also like to add something.
