PingLogger Crack+ [32|64bit] Latest

PingLogger Crack is an advanced networking tool capable of sending ping signals to other computers and recording logged activity to file. This way, you can find out the connectivity strength between your local machine and remote hosts, which especially comes in handy when you're preparing to establish a connection between the two for various purposes, such as multiplayer games. Hassle-free installation and user-friendly interface After a fast setup operation that shouldn't give you any trouble, you're greeted by a large window with a neatly organized structure that includes a ribbon bar for standard and advanced configuration settings, along with a graph. Just make sure to run it with administrative privileges. Monitor and log ping details All you have to do is enter the URL of the remote hosts and click a button to start the monitoring and auto-logging procedure. While the monitor is running, you can check out the amount of sent, received, lost, minimum and maximum packets, examine the graph in real time, as well as view text statistics. When it comes to advanced options, you can modify the default ping interval, timeout and bytes of packets to send, disable updates for the graph, database, memo and verbose mode, as well as create a new empty database, check for software updated, and export the existing database to CSV format. Evaluation and conclusion It worked smoothly in our tests, without triggering the OS to hang, crash or prompt error messages. It didn't put a strain on the computer's performance, since it required a low amount of CPU and RAM to work properly. Although it features advanced options for experienced users, such as network administrators, PingLogger can be handled with ease even by amateurs, thanks to its intuitive interface and well-organized settings. It's free for non-commercial use. Features : Record Logs. Show the Information in Graphical Format. Show/Hide the Content of the Memo Window. Save the Data into a Database. Free Download. Free control of a Database : Manage your Database manually or let it run automatically on our Server. Add a List or User. Remove a List or User. Show/Hide a List or User. Export to CSV file. Download PingLogger To ensure that your downloading experience is as effortless as possible, we bring to your attention a fast and easy to use download manager called Infdown. Just follow this 3 simple steps to download PingLogger

PingLogger Crack + For Windows

* An advanced networking utility that can ping and monitor the network * Monitor the network on your local computer. * Test the network strength of a remote host. * Analyze a ping log. * Easily handle even the most complicated network. How to download and install on your PC? 1. Download the PingLogger from “ 2. Open your internet browser, type in “pinglogger.exe” and press “Download”. 3. Install the program on your computer and enjoy your own network loggers. How to use? * Start the program. * Click “Start” to log the network and display the current status. * To reset, click “Reset All Settings” on the lower-right corner. * To manage the log, click “Database” on the bottom-right corner. * To analyze the log, click “Logs” on the bottom-right corner. * To automatically start the program at specific time intervals, click “Options” and then select “Start.” * To block the program in the taskbar, click “Settings” and then select “Taskbar.” * To uninstall, click “Help” and select “Uninstall.”The Sonics would play in Portland from 1995 until 2008. In 2002, as the Sonics were sitting pretty at home, the Blazers invited them to play at Memorial Coliseum. The Sonics agreed and won the game, but the game had been struck from the record books. I was writing the game recap for the Seattle Post-Intelligencer that morning, and a Blazers beat writer named Gene Martin threw me a curveball. "You might not know this," he said, "but our game wasn't recorded either." I was flabbergasted. I covered the Blazers for decades and I didn't know this? I had watched Game 5 of the Western Conference finals in 1998, where the Pacers beat the Blazers in Game 5 of the NBA Finals. The Spurs won that game, but the record book listed a Blazers victory. That was the first I heard of it. Today, it's the same deal. The Sonics played the Phoenix Suns in a regular 09e8f5149f
