DtSearch Network With Spider Product Key Free PC/Windows

dtSearch Network with Spider provides an essential set of tools for web site indexing and search. From text indexing, to automatic page indexing, to searching within a whole Web site - dtSearch Network with Spider provides the tools to index a site. Moreover, it can search through existing indexes too. It is designed to be a stand-alone software product, not dependent on its server database. dtSearch is a powerful multithreaded text indexer, able to index a text file or entire web server in real time. It searches and indexes the texts of documents by indexing character "strings" rather than "words". In this way, dtSearch Network with Spider can use its powerful text search engine to index every word of the Web sites. Besides, it can simultaneously index up to 16,000 files of a remote site with 3,000 simultaneous threads, even when the site has multi-site administration. Features: Web-site Text Indexing Powerful Text Search Engine Indexing Multiple Sites Auto-Deletes Existing Index Web-site Crawler File Merger Index Searches License: dtSearch Network with Spider is free for both personal and commercial usage.
