Resident Evil 6 is the sixth major installment of the Resident Evil film series, the sequel to the fourth installment of the film franchise, Resident Evil: Afterlife and was released on January 26, 2013. It was produced by video game developer Capcom. While the tagline for Resident Evil 6 is "The Dark Line of Truth Will Be Crossed", the title card on the opening credits says "The Tale of Darkness Begins". The story was written by executive producer Hiroyuki Kobayashi, while the screenplay was written by Hiroshi Fukutomi, who also wrote the scenario for Resident Evil: Afterlife. The musical score was written by Shoji Meguro, who composed the music for Resident Evil: Afterlife. The game was directed by Resident Evil series veteran Shinji Mikami, and produced by Hideki Kamiya and Yu Mataro. Resident Evil 6 is marketed as the last stand for humanity against a bio-weapon, similar to the 2012 video game, Resident Evil: Damnation. The game introduces a new over-the-shoulder shooting system in the third-person perspective, among other mechanics. The game was released in arcades, PlayStation 3, PlayStation Vita, Xbox 360, and Microsoft Windows
