You play as R.E.A.C.H. - an artificial intelligence trapped in a human body against its own will, striving to adjust to human life, in and around Phoenix-City. Outlaws are rife in a society that has sustained lasting damage and taken a turn for the worse, following a catastrophic nuclear event. Everything is ruled by corruption and greed and the ones in power see humans and their organs as nothing more than currency. REPLACED focuses on a single player experience, with a mix of cinematic platforming, pixel art and free-flow action combat. Set in a complex gritty stylized cyberpunk inspired world combined with deep engaging dystopian story set in an alternative past. Explore and uncover its mysteries as R.E.A.C.H. who is beginning to understand that everything comes at a price.

Features Key:

- Story: Are you still growing up? Everything changes when it comes to the developments of your learning capabilities and assets. How will you handle this change? The story of your life changes, so does your destiny…
- Characters: Female, Male & unisex gender: Are you going to stand up and fight for what's right? Fight for your right to live independently as well as have freedom?
- Combat: What kinda of a soldier are you gonna be? First priority is to make sure your weapons are in proper working condition and that you have all the necessary tools. No shooting, then you'll have regrets later. Invest in enhancements for the armors you use. Are you ready for battle?
- Survival: Don't get caught by unknowns in the dark forest with no food. Once you're hungry, you'll lose out – prepare for the worst case scenario. Make sure you also go back at least 2 times a day for air – otherwise you'll get discharged!
- Event: The world is a cruel place. You're going into a country under war and there is a possibility that there will be mass casualties. Don't worry; be on the lookout for such things. Try the events if you can. What's your personal goal?

I have no idea why the piano piece is called "Segue" (or maybe it's "Ape Home" or something), or why it has been shortened to "Intro". Programming: Anomaly: No More Puzzles Just Time (2016) The source code for the video can be downloaded at my patreon page: on this episode, i'm going to be starting to work on a multi-tiered system, so that each level can have a different, and more interactive story. making a multi-tiered game is, frankly, far more complicated than making a single-tiered one. and as much as i'd love to talk you through the planning process, it's not a route i'd advise, unless you're already familiar with it. so rather than being a fully-fledged walkthrough, i prefer to call this a brainstorming session. in this episode i'm also going to be talking about my plans for the story of the world. one of the reasons i'm making this game is because i'm obsessed with godhood. but here in the real world, we have science and technology which has allowed us to create ourselves in such a way that we no longer need those mystical things. which begs the question, where is god(

The farming simulator Red Tractor Tycoon is about a cute tractor, harvesting machines, and that simple thing: have a nice time! Follow the best-selling storyline in the game: Flourish your farm with all sorts of animals and plants. Produce the best of the best for your customers and become the best farmer on the market. Red Tractor Tycoon will be released in two parts: Flourish and Develop. In Flourish, you buy lots of animals and plants, build a basic farm with a barn and a stable. Grow fields and water the entire farm. Should you face a problem, you'll know who to call: Your farm manager! The second season of Red Tractor Tycoon is a challenging simulation where you expand your farm and collect money to invest into further equipment and buildings. Farm lands are shrinking due to the development of neighbouring farms. You need to expand, build, and expand again if you want to be the best farmer on the market. In Red Tractor Tycoon, you can earn money by selling your harvest, or by renting out your farm buildings to other farmers. You'll find different buildings to buy and they all have their advantages and disadvantages. Features: Key Features • Storyline with a happy ending - Cutest tractor and farming sim to date • Buy and sell your entire farm and far out buildings • Collect lots of money, but have you're economy to keep the machines running • Farm manager to help you during all stages • Animal breeding - Milk cows, pigs, and chickens • Grow lots of vegetables, plants, and flowers • Harvest and sell your crops • Experience a full-featured farming simulator • Completely free – no purchases necessary Red Tractor Tycoon – Manage Your Own Farm Be it wheat, corn, or carrots – you'll plant all sorts of crops on your hex field map in this crazy tractor game. Of course, there are also plenty of animals to keep and breed. Extensive production chains will allow you to process your resources into tasty products such as pancakes, apple sauce and popcorn. That'll bring in loads of money too, which you can wisely invest in new products or research. There are no limits to your fantasy in Red Tractor Tycoon. Give your creativity free rein and explore the world how you see fit. Which path you choose and how you go about it is all up to you! Features: Flourish Gameplay Steer
