• From Nintendo's E3 2014 Gameplay Demonstration Elden Ring is a fantasy action RPG created by tri-Ace, the company behind the Ace Attorney series. A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. ( Thought to be born from a myth, the Lands Between is a world of myths and legends where a great war for power once took place. A vast world where many things remain hidden, there have been numerous fairy tales and legends that tell of the adventures of heroes and battles between monsters in the lands between. In the Lands Between, a war once raged between the user races, the Elden Ring and the Dark Legions. The race known as the Elden Ring emerged victorious. However, the merging of opposing factions created a long and bloody conflict. Elden Ring was the name of the company that fought the great war. It was also the title of the in-game guild in the Lands Between. ABOUT YOSHINOCHI. • Developer: tri-Ace • Genre: Fantasy Action RPG • Platform: WiiU™ ( ( YOSHINOCHI is the company behind the highly acclaimed series of action adventure games Ace Attorney. YOSHINOCHI is also working on the anime film for Ace Attorney. ( Inner join e insert em uma tabela, vinculada a outra Bom, para mim é um problema muito simples, como faço uma INNER JOIN ou um INNER JOIN só com o nome da tabela com o insert? Tenho uma tabela chamada associação, e uma outra chamada rutas que vincula as associações com rutas, por exemplo rutas 'associaçãoA/rutasR1,associaçãoA/rutasR2' porque deve

## **Changes in Elden Ring**

### **Changes in UI / Menu**

**Quicker and more convenient UI in various areas including Play, Equipment and the Map. A detailed User Manual has been added to help players understand the game and various features.**

### **Ease of Collection / Map Viewing**

**The "Collection" link and "Map View" button have been added to the main menu. These allow you to quickly view and obtain the map currently highlighted.**

**Collections can be viewed from various perspectives and grouped by area or element. Each element can also be viewed in more detail by toggling the "Eye" icon.**

### **Database Structure**

**The database has been changed to improve user experience and to allow for more powerful matching. Examples include:**

- **Matching has been made faster and more effective.**
- **Easy to use the search function by entering text in the provided box, or hovering over the results.**
- **View the results of a collection more easily.**

---

## **Collection Database**

**The "Collection Database" has been added to facilitate the viewing of a map's elements for a selected collection or to match items between collections.**

**The map type is determined automatically. You can change the type on the main menu.**

## **Manage Play History**

**In addition to showing the list of your recent play-throughs, it is now possible to mark play-throughs as "Seen". For example, if you play through the same world "Elden Ring V" frequently and enjoy**
