The long-term treatment of giant cell tumors (GCT) is still a difficult problem. At present, surgery is the mainstay of treatment, but surgery is not always sufficient for these non-self-limiting neoplasms. No consensus has been reached on the optimal treatment. So it is important to explore new strategy. In this paper, we discussed the treatment of GCT with neoadjuvant chemo-immunotherapy.. El planejado en 10 años no es más que un espejismo del nuevo gobierno. Vamos a ver la realidad. Nosotros estamos recibiendo el informe de la UCA, que es más que suficiente. Y ahora, digo, vamos a ver realmente lo que hará la UCA. La primera regla es que el Presupuesto 2015 debe ser
