The game features the return of the popular Ultimate Team Mode, a brand-new feature called The Journey and a new co-operative mode called Team Chaotic. With 21-days left in its FIFA Uprising Rivals Challenge, FIFA 20 players will have to rise up to challenge the World's Best teams in FIFA 20 Rivals mode. In FIFA 20 Rivals mode, players will be divided into 5 elite groups across the FUT World Cup and two other FIFA 20 tournaments (UEFA Europa League and CONCACAF Champions League) and will compete against the top performing individuals from around the world. At the end of the World Cup stage, top 3 FUT World Cup teams with the highest championship totals will qualify for the FIFA 20 International Championship. Based on pre-release data, there will be top matchups between countries like Mexico vs Brazil, Senegal vs Portugal, Netherlands vs Serbia, and Germany vs Spain. Based on launch data and playoffs, the World Cup will feature top matchups from South America and Europe, including Brazil vs Spain, Argentina vs Colombia, Portugal vs Mexico, and Germany vs England. Additionally, the top 3 players in each region will battle in the Playoffs bracket. As of now, based on the set of matches at launch, some of the best matchups include Brazil vs Argentina, Brazil vs Mexico, Brazil vs Portugal, and Spain vs Belgium. FIFA 20 also features a new Ultimate Team co-op mode dubbed Team Chaotic. Team Chaotic pits 3 players against a captain and 3 other elite players to fight over a single captain and 3 items in the Map Mode. The game, which is available on Xbox One and PC, features over 1,000 new, authentic teams, new Stadiums and Player Styles and will also feature the return of much beloved fan-favorite modes like My Club, Autonomy, and Skill Transfer. FIFA 20 also features a variety of new additions, features and adjustments including: FIFA Ultimate Team - FIFA 20 introduces "FIFA Ultimate Team" which fans can use to create their own custom UEFA Champions League or FIFA World Cup teams. FIFA Ultimate Team allows players to collect, train and customize more than 100 real-world footballers including Lionel Messi, Cristiano Ronaldo, Neymar, and Messi along with over 50 Stadiums and over 500 official players badges, kits, and more. Players can use their ultimate team of custom-made players to compete in both Story Mode and FIFA

## **Features Key:**

- FIFA 22 is EA's most realistic game ever created. Every aspect of the gameplay has been enhanced, from control to dribbling to stamina, and everything that makes the FIFA franchise so unique is now at your fingertips. More than 45 teams - including the new UEFA Nations League teams - and thousands of real players have been added to the world's biggest football game.
  - **FIFA Ultimate Team** - This mode has been completely re-imagined, allowing you to build your own team from some of the best real-world players in the world. You can create any squad that you want, play out classic modes or create your own tournaments, and face-off against other players in game-changing events.
- Completely authentic game engine - delivers a fluid and polished gameplay experience.
  - FIFA Ultimate Team - Become Man Utd
  -
- New player impact system - players now react and move in-game naturally, reacting to defenders, dribbling, and the ball differently. This makes your real-life team play that much more like your real-life team.
- The Journey - the game generates a story that follows the journey of your game characters, from the academy to the first-team. Each time you progress through the story, you earn special rewards. Completing key goals in the story allows you to unlock different kits and shirt designs for your squad, as well as rewards including new players to bring to your team.

Personalised coaching approach - more than 250 match coach tutorials help you master the game and access fresh tactics and routines even if you're a beginner.

- 
- **The Journey** – how everyone starts out and faces trial by fire. As they show talent and determination while proving themselves a trainee, the player will have an immediate reaction to the attributes of the defender and the challenges they pose in life or on the pitch.

**What's new in Fifa 22:**

- **Live the hype of the game before your eyes by activating the “HyperMotion Technology” before kick-off in a real-life inspired video for each game including goals and big moments from the game.**
- **Start your game in the best possible conditions with improved ball physics, improved ball furriness and better ball control when you kick the ball.**
- **Analyse the build-up play in your opponents’ half and block your way to goal with your wingers by anticipating their runs. At the same time, drive to goal by using intelligent opportunistic runs that look for the best option. With the correct runs, you will reach the goal with less defenders.**
- **Push hard into your opponent’s last line of defence by running with the ball at full speed and try to create scoring opportunities through the opposition’s penalty area.**
- **More precise passing provides the ability to drill a pass and execute a perfect first touch, put some power into your shot, or, pull of a stunner on goal.**
- **Dead-ball scenarios now reward multi-pass sequences even more so than attacking transitions.**
- **Strike a great shot from a great distance by accessing the type of power moves you can expect from your goal-shot button before shooting.**
- **Short passing is now a more common method of moving the ball from player to player within a team. Look for the shortest route and execute the movement.**
- **With smart spacing, goalkeepers now need to perform under pressure to perform well for your team. When out of position he will make aggressive decisions that will keep him out of position.**
- **Defenders will need to think more on the pitch, especially in the final third where they are set to be under greater pressure. A**
