### **Features Key:**

**HUMAN MISSILES** An armed unit in Armored Personnel Carriers, Tank Drivers or sometimes as a Tank Crew, carrying huge warplanes. 7 Weapons, 8 Upgrades and 3 Skills each for Attack and Defense.

**GAME MODEL A** faithful recreation of the Soviet human tanks as they were during its cold war.

3 in 1 maps: Desert, Field and Swamp. More than 90 unique battlefields from Europe, USSR and Asia.

All maps allow range of communications, maps can be squared, filtered, enlarged and rotated. All movements are fully animated, separate. You can watch tanks moving and firing from all possible angles, sometimes they can move through each other or suddenly climb to a position from which they can easily fire on an opponent.

Each unit can move and fight with its own pace and rhythm. When you have an attack button near enemy, you can enjoy a new film of the greatest surprise and counter attack of the tanks.

**OGRE system:** smooth controls of movement, before, during and after battle. Clear numbers of units, tanks,

---

attacks, defense and all moves during the battle. Big 3D cockpit view of tanks, level when the vehicle moves on the road, visibility distance and view across map.

Camsoft Engine: whole 50% of rendered maps made of 3D terrain & basemap, 40% tanks, vehicles and attachments. The remainder is the graphic representations of the landscape, the city with citizens inside, the lights, all signs and signals.

HUMAN STORIES: The true emotions (passion, betrayal, lust for revenge, cruelty) have been accurately reflected in the script and the games action. All events and characters will be revealed in the processes of the negotiation.

HIGHLIGHTS Show tanks in glorious technics color: red if there's a hit, cyan if a defector, blue and grey for a series of tank attacks or charged tank movements. Different tanks have different luminosity, animation speed and period for inspiration and emotion.

MULTIPLAYER for the classical :war on the PC (planes pilots, land lords). Each player can join game at any time, no formation. On the server you have the choice of a player with no

The Walking Dead: 400 Days explores the journey that happens after the black day, the day the world changed forever and devastated communities across America. It's a journey that will echo through all five stories told in this DLC pack, which can be played in any order. Your decisions in 400 Days will affect the main game. The choices you make in 400 Days will carry over into Season Two. A new cast of characters will fill the roles as you play through the story. GOTY is a registered trademark of the NPD Group. As the world burns, a trucker runs from his former life and the strange forces that hunt him. The Walking Dead: 400 Days is a hard-hitting, psychological thrill ride that takes place in the wake of the zombie apocalypse. It is the story of five survivors — a truck driver, a trucker's wife, a cop, a bandit and a preacher — as they seek safety and shelter together, try to stay alive and try to piece together what happened on the road ahead of them. Using the choices you made during Season One, your experience of the aftermath of The Walking Dead's most shocking moments will play out again, and again, and again, as you attempt to find answers and emerge from the darkness. 400 Days tells five linked stories that will carry you through the course of your choices, in this compelling and darkly comic spin on the classic action-adventure. Key Features Featuring unique perspectives and engaging character interactions, 400 Days will break the fourth wall and speak to you directly, from the very beginning of the apocalypse. Five unique stories that can be played in any order Reminiscent of the brutality of The Walking Dead, 400 Days puts you in the middle of dangerous and heartbreaking decisions about survival and family. Full of character and emotional impact, 400 Days is an epic tale of choices, hope, and survival in the wake of the apocalypse. This Game Was Made For... Core fans of The Walking Dead. In The Press "As a whole, Telltale has developed a real mastery of these types of games, and the latest installment in their story-based series, The Walking Dead: 400 Days, is one of the best examples to date." — Mike Fahey, Kotaku "400 Days is a smart and engrossing addition to The Walking Dead saga, a post-apocalyptic tale that

### What's new:

**has just launched a brand-new service which will add many elements needed to help people deal with any of the following situations:**

- Corporate Mischief - when a business owner has agreed to take a job to shoot photos for a publication and has since been significantly delayed**
- Banking Panic - when someone is briefly convinced that they have been set up by an unscrupulous loan company**
- New Phones - when someone is wondering which phone best suits their pocket**
- New Surfaces - when someone is thinking about which new sofa would work best for their living room**

There are many more. Automated calls to the island include: A warm greeting by a fun voice Playful music Prying questions to pry information from you Opens dialog and saves items into your choice of drop-box A fun way to learn about new features Listen in below for further details. Users can install the app by downloading by clicking on the green install button in the Mac/Windows app, paying by credit card using Safari, or accepting by code sent to your email address in iTunes. **Thank you very much to Paul Blistein for pointing out an error I'd made. Automated calls were not being answered correctly, thereby not adding new items to my Drop-Box. I've now changed that and it should work. In the future this will happen. Instructions: Apple ID: Full User or Lite User with activated AppleID Session: Unrestored Safari Web Browser Standard setting for iPhones: Accept calls Notify me: if I can call you to confirm your identity and keep you on the line if I am unable to tell after a few rings if the call was answered (is this something you prefer to happen?) when the call ends Generate code and put in the box**
