Characters that search the mines on foot will become immobile and not able to use their abilities. On occasion, you may spot a companion ore vein, which can be mined using your items. You need the following items to mine the treasure in the Prospector's Legacy. The Prospector's Legacy can only be mined by a Prospector if you enable "Collect Prospector Items" in your loot window, and repair the mine afterward. You need a Prospector to mine the mine, and the Prospector must have a Loot tab. You must have the Prospector buff, which makes your actions last and procs more often. You can hover over the mine to see what level it is, and if you're an Artifact Knowledge 70+ you can see if it's an Artifact. When you have enough Harvest Resource nodes, you can mine the ore vein to create a prospector mine. You can reload the mine, and it will automatically be replaced by a proper one that gives more Production. After this, you may reclaim your Prospector buff to search the mine again, and your production rate will be capped to your current level. You can do
