NEW WOLF MAIL MIKE WOLF EXCLUSIVE TESTIMONIAL: “Tarnished looks more interesting than what the online preview made it seem. The concept is a bit out of left field, but it’s unique, so that’s good. I enjoyed the fact that I could build a character in a way that was different from the other online games, and it looks like the combat is fun. I don’t really know a lot about the story, but I’m pretty excited for it.” XSEED XSEED Games is a leading publisher and developer of anime and games for the English-language market.
