Dragonbound is a very successful aimbot. It is designed by manongel. This aimbot has some built in boosters and custom setting options. The options tab is expanded below in the forum. Dragonbound aimbot is very simple to use. Dragonbound is not compatible with windows computers or MAC computers. The bot is compatible with most of the games including as fauth, mother, crysis, cod4, cod5, cod6, freedoom, doom2, doom 3, quake 4, counterstrike source, quake 2, ww2, hazzard and many others. Dragonbound aimsbot is very efficient so you won't have a problem with performance. It has a lot of boosters. You can set every aspect of your game. Like your name, botname. Color scheme, your boosters. Your Wizard, if you have one or even your real life character and much more. Don't worry about what you see if your not quite good a game. The bot aims for you to be in practice scoring. (wizard count) All in all Dragonbound is the best aimbot i know of but there is not much else to know about this program. Screenshots: Dragonbound Screenshots: Dragonbound aimsbot is a new aimbot program that is now available for download. Its the aimbot of the gods, a program that will increase your gaming performance. The best aimbot i know of. Its going to be here for a very long time. I've been playing the bot in c&c servers and i found it very easy to use. Dragonbound is compatible with most cheats and hacks (freeware) from freewebsites and if you don't have any from fwerewebsites you can find some from id software and gamezone. Dragonbound is free to

download and use. "Dragonbound is the best aimbot i know of but there is not much else to know about this program." Hello, Dragonbound is a very succesful aimbot. It is made by Manongel, who comes from romania. Dragonbound aimsbot doesn't just aim, it actually scores a point to you everytime the bot aim at you. The amount of points you get depends on how good your aim is, (your wizard count), and
