I cannot seem to find the JSON file for place history. I am building my app that utilizes the place history API, but I need to get it in JSON format (don't have the private key to do it myself). I know that there are some sample projects for place history on iOS, but they are using private API keys. Looking at the documentation, it seems like Apple does not want us to use private keys. A: Here are the steps to achieve it. Visit this Link (Out of Beta Version) https://github.com/googlemaps/ios-sample-code-samples/tree/master/GooglePlaces/GooglePlacesSearch/ Under the Places Search sub-directory download the sample source code. Navigate to the GooglePlacesSearch folder inside the above downloaded sample code. Run the command pod install for any dependencies on the source code i.e. pod install in the path (step 4). Create a new sample project and enable networking in the General tab. Add the GMSPlacesClient key (from step 3) in AppDelegate.h file and the GMSHTTPFetcher key in AppDelegate.m file. Add the below imports in app delegate #import \"GMSPlacesClient.h\" #import #import \"GMSHTTPFetcher.h\" Add the below delegate methods in AppDelegate.m file - (BOOL)application:(UIApplication *)application didFinishLaunchingWithOptions:(NSDictionary *)launchOptions { // Override point for customization after application launch. GMSPlacesClient *client = [GMSPlacesClient client]; [client authorize]; [client.
