This story is almost 100% fiction and I can't guarantee everything will match. However, this story I wrote when I was about 20 years old. I can't remember how it all started. I remember that from the very beginning it was just fiction, but the story was interesting enough to make me write it again and again. I started writing this at the end of June 1982 when I was on holiday in Brazil. I haven't done it since.

May 15, 2564 BC - . 1288d90c24 ..... As I got further away, my vision became narrower and my ability to see objects became less and less obvious - and finally I saw that I was in the desert, as on Earth. I stood near the tree and looked down at my own body lying on the sand beside it. I raised my hand to feel myself, and found that I had neither arms nor legs. I looked at my neck and saw that I didn't have a neck. I looked at my ears to see if I had ears, but I didn't see ears. dd2bc28256
