The Gods Must Be Crazy III. Trailer. Directed by Billy Chan and featuring big-name stars such as ChÃ©u Tinh TrÃ©, N!xau, Ching-Ying Lam, ..., it doesn't bode well. In fact, as the trailer shows, they even have a trailer for us. And it's scary: I don't like trailers. They are always like this - incomprehensible, vague, empty and generally not relevant to the content. But sometimes a trailer is just a necessary evil. Otherwise, how do you know what genre you work in, how exactly you will surprise the viewer, what kind of project is in your head? And here everything was very good: the trailer was intriguing, exciting, promising.
